

EED Satellite Meeting (Monday 8th & Tuesday 9th June 2026): Arthropod

Organisers:

- Ezzat El-Sherif
- Christine Mau
- Frederic Strobl

The Arthropod Meeting will cover a wide range of themes on the development and evolution of arthropods, featuring short talks (15–20 minutes) and a lively poster session. The satellite aims to bring together researchers from different disciplines to share insights on morphology, genomics, ecology, and phylogeny. By encouraging exchange across diverse model systems and approaches, the meeting fosters collaboration and fresh perspectives on arthropod biology. It also offers a welcoming platform for early-career scientists to present their work, connect with peers, and engage with leaders in the field.

Programme

For details on the programme, please see the EED 2026 Programme page [here](#). For details of the session, please see the next page.

Submit your abstract:

To submit your abstract, please [click here](#). You will be taken to a Google Form with further details and information.

Day	09:00-	
1	10:30	Session 1: Genetics, Sex & Model Systems Alexandra Weber Caspar Schmeits Daniella An Haber Natascha Turetzek Sophie Tandonnet
	10:30-	
	11:30	Coffee break
	11:00-	
	12:30	Session 2: Embryonic Regulation & Tools Sebastian Kittelmann Maria Rossello Mariia Golden Nihan Sultan Milat Frederic Strobl
	12:30-	
	13:30	Lunch Break
	13:30-	
	15:15	Session 3: Early Patterning & Morphogenesis Margherita Battistara Ariel Chipman Heather S. Bruce Maciej Żurowski Shannon Taylor Idan Sheizaf Ezzat El-Sherif
	15:15-	
	16:00	Poster session (Coffee from 15:30 onwards)
	16:00-	
	17:45	Session 4: Genomics, Epigenetics & Atlases Ariel Bar-Lev Viterbo Yu Shirai Elisa Israel Sonja J. Prohaska Robin Beaven Jodie Jacobs Rodrigo Nunes-da-Fonseca
Day	09:00-	
2	10:30	Session 5: Neurobiology Christine Mau

Vera Terblanche Hunnekuhl
Birgöl Çolak-Al
Ralf Janssen
Nitzan Alon
Marc Robinson-Rechavi

11:00-
12:30

Session 6: Sensory & signaling

Donya N. Shodja
Tòt Senar-Serra
Anyi Mazo-Vargas
Elisavet Iliopoulou
Jasmine D. Alqassar

12:30-
13:30

Lunch Break
