

Joint APP and HEPP Annual Conference

26–28 March 2018

University of Bristol, Bristol, UK

The annual joint meeting of the Institute of Physics High Energy Particle Physics and Astroparticle Physics Groups will take place at the University of Bristol from 26–28 March 2018. An associated exhibition will be held over the first two days of the event.

The conference focuses on both experimental and theoretical physics, and is expected to attract more than 150 participants.

- **2017:** 177 participants
- **2016:** 209 participants

Companies and organisations interested in promoting their products and services, or who are looking to recruit graduates, are invited to participate in the accompanying exhibition from 26–27 March. About 60% of the participants will be students.

The exhibition will be held alongside refreshments, lunch and posters, maximising the time you spend with the conference participants and ensuring footfall to the exhibition area.

In addition, we will add your company logo, a web link to your home page and a short profile on your company to the website, increasing visibility to not only conference attendees, but to the wider scientific community.

Exhibition package

- A 6ft table and two chairs
- Access to an electrical socket
- Lunch and refreshments for one representative during the exhibition
- One ticket to the drinks reception on Monday 26 March
- Access to the technical sessions
- Company details included on the website and associated conference literature

Reserving a stand

To book an exhibition table at the event, please contact Claire Garland, Institute of Physics, on 020 7470 4840 or email claire.garland@iop.org.

The cost to exhibit is £500 + VAT if booked **before 31 January 2018**. The rate thereafter is £600 + VAT. Please note space is limited and strictly allocated on a first-come, first served basis.

We also offer a range of sponsorship opportunities to those companies who want to increase their profile or who want a presence at the event but are unable to attend.

Why sponsor?

- An opportunity to promote your organisation and raise your profile within the wider community
- Promote your company name to participants prior to, during and after the conference – these include decision makers, scientists and students
- Demonstrate your commitment to assisting the development of young researchers
- Your support of the conference will be acknowledged widely through web-based and printed material
- Sponsorship contributes significantly to the promotion, planning and operation of the conference, reducing the overall cost of managing the event and enabling a higher level of participation
