

# HH Wills Physics Lab

## Ground Floor

### ● Frank lecture theatre

This lecture theatre is accessed by the right-hand doors as you enter the building via the main entrance facing Tyndall Avenue. For level access please enquire at the Foyer lodge. The nearest toilets are downstairs near the Enderby room.

### ● Mott lecture theatre

Accessed either inside the building (using the public area of the third floor to traverse the building), or by travelling around the outside of the building to enter via the South entrance (located in the 20's wing, facing the garden). Nearest toilets (including accessible) are situated between the South entrance and the Mott LT.

### ● Enderby room

Located in the basement, this lecture room is accessed by entering the building through the right-hand doors of the main entrance (Ground floor, facing Tyndall Avenue) and then via the staircase found further along the corridor. If ramp access is required, please ask at the foyer lodge (located by the main entrance to the building) for assistance.

### General directions/lifts/stairs/other toilets not listed above:

There are lifts (with stairwells nearby) at each end of the building near the entrances. It is worth noting that visitors will NOT be able to access the Basement via the lifts or internal stairs; an access ramp is outside the front entrance (as mentioned above). There will be plenty of signage around the building, inside the lifts and on the stairs to point visitors towards the toilets and lecture theatres/breakout rooms.

More toilets not shown on the map are located near the lift in the 60's wing and may be accessed by either stairs or the lift (this is the one nearest the main entrance) as follows:

- Lower First floor ('L1' lift button) male toilet
- Mezzanine ('M' lift button) women's toilet
- Third floor ('3R' lift button) women's toilet (further along the corridor are the womens + mens toilets as described above)
- Fourth floor ('4R' lift button) men's toilet
