

# Quantum, Atomic and Molecular Physics (QuAMP 2019) Conference

2–5 September 2019, University of Birmingham, Birmingham, UK

<http://quamp2019.iopconfs.org>

The QuAMP conference will take place at the University of Birmingham from 2–5 September 2019. An associated exhibition will be held over the second and third days of the event.

The meeting will cover ultracold atoms and molecules, quantum information and technology, precision measurements, quantum and nonlinear optics, and ultrafast phenomena. The format comprises plenary talks by invited speakers as well as some contributed talks and posters. QuAMP is expected to attract more than 150 participants.

Companies and organisations interested in promoting their products and services, or who are looking to recruit graduates, are invited to participate in the accompanying exhibition from 2–5 September. About 60% of the participants will be students.

The exhibition will be held alongside refreshments and lunch, maximising the time you spend with the conference participants and ensuring footfall to the exhibition area.

In addition, we will add your company logo, a web link to your home page and a short profile on your company to the website, increasing visibility to not only conference attendees, but to the wider scientific community.

## Exhibition package

- A 6ft table and two chairs
- Access to an electrical socket
- Lunch and refreshments for one representative during the exhibition
- One ticket to the conference dinner
- Access to the technical sessions
- Company details included on the website and associated conference literature

The cost to exhibit is £800 + VAT if booked **before 2 July 2019**. The rate thereafter is £900 + VAT. Please note space is limited and strictly allocated on a first-come, first served basis.
