

Sensors & their Applications XVII

16 – 18 September 2013

Rixos Libertas, Dubrovnik, Croatia

<http://sensors.iopconfs.org>

The S&A series of conferences provides an excellent opportunity to bring together scientists and engineers from academia, research institutes and industrial establishments to present and discuss the latest results in the field of sensors, instrumentation and measurement.

Sponsorship

Increase your visibility and presence at Sensors & their Applications by taking advantage of one or more of the following sponsorship opportunities:

Reasons why you should sponsor Sensors & their Applications:

- an opportunity to promote your organisation and raise your profile within the wider community;
- promote your company name to national and international participants both prior to, during and after the conference – these include decision maker's scientists, students and community members;
- demonstrate your commitment to assisting in the development of young researchers;
- your representatives can mix informally with professionals from industry and academia in the UK and from all around the world;
- sponsorship contributes significantly to the promotion, planning and operation of the conference, reducing the overall cost, managing the event and enabling a higher level of participation.
