

Interdisciplinary Surface Science Conference (ISSC-20)

30 March – 2 April 2015

University of Birmingham, Birmingham, UK

The conference covers all experimental and theoretical aspects of surfaces, interfaces, and nanoscale physics and chemistry.

Invited Speakers

Roger Bennett, University of Reading (UK)

Harald Brune, EPFL (Switzerland)

Richard Catlow, University College London (UK)

Hans-Joachim Freund, Fritz-Haber Institute (Germany)

Leo Gross, IBM Zurich Research Laboratory (Switzerland)

David Jesson, Cardiff University (UK)

Laurence Marks, Northwestern University (USA)

Quentin Ramasse, SuperSTEM, Daresbury (UK)

Petra Rudolf, University of Groningen (The Netherlands)

Peter Sloan, University of Bath (UK)

Stefan Tautz, Peter Grünberg Institute (Germany)

Qikun Xue, Tsinghua University (China)

Organising Committee

Chair: Quanmin Guo (Q.Guo@bham.ac.uk)

Co-chair: Richard Palmer

Secretary: Wolfgang Theis

Rasmita Raval, Neil Curson, James O'Shea, Martin Castell
