

Physical Aspects of Polymer Science

8–10 September 2015

Manchester Institute of Biotechnology, Manchester, UK

Organised by the IOP Polymer Physics Group

Exhibition and sponsorship

The 27th meeting of the Polymer Physics Group provides an opportunity for researchers from both academia and industry to discuss the latest innovations in understanding and manipulating the physical behaviour of a wide range of polymeric systems.

Exhibition

A two-day table-top exhibition will be held alongside the conference on Tuesday 8 and Wednesday 9 September 2015. The exhibition will provide companies in the field and related areas of polymer physics the opportunity to demonstrate their products to a captive audience.

Why exhibit?

- demonstrate the range and quality of your products and services to a specialised audience;
- maximise your exposure both nationally and internationally and connect with industry representatives;
- establish your company within the scientific community;
- target new customers and build existing relationships;
- showcase new or upgraded product ranges.

Exhibition package

£550 + VAT*

(bookings received after 31 January 2015)

£650 + VAT*

Space is available as a table-top display and includes:

- one 6 ft table and a chair, or equivalent area;
- company logo and link on the conference website;
- company logo and profile in the delegate handbook;
- lunch and refreshments for one exhibitor representative for the duration of the exhibition (8 and 9 September).

Exhibition packages are limited and allocated on a strictly first-come, first-served basis.

Sponsorship

We also invite sponsorship from companies and organisations wishing to raise their profile within the community and increase their visibility at the conference. The premium and gold packages are inclusive of exhibition space during the two-day exhibition.

Why sponsor?

- an opportunity to promote your organisation and raise your profile within the wider community;
- promote your company name to national and international participants prior to, during and after the conference – these include decision makers, scientists and students;
- demonstrate your commitment to assisting the development of young researchers;
- your representatives can mix informally with professionals from industry and academia in the UK and all around the world;
- your support of the conference will be acknowledged widely through web-based and printed material;
- sponsorship contributes significantly to the promotion, planning and operation of the conference, reducing the overall cost of managing the event and enabling a higher level of participation.
