International Conference on Quantum, Atomic, Molecular and Plasma Physics

QUAMP 2015 is the biennial AMOP meeting: the International Conference on Quantum, Atomic, Molecular and Plasma Physics, being held in Brighton, UK from 1-4 September 2015.

The meeting will cover Quantum technology, Quantum information, Metrology, Ultra-cold matter, Atomic and molecular interactions, Ultra-fast phenomena, Quantum optics and Plasma physics. The format will be plenary talks by invited speakers plus some contributed talks and posters.

About the exhibition

The exhibition is an important part of the conference programme. It is an opportunity for businesses working in quantum physics to engage with existing and new customers, maintain or raise their profile, promote products, network and generate new business leads.

The exhibition will be held on Wednesday 2 and Thursday 3 September in Gallery Rooms 1 and 2 (Bramber House, University of Sussex). To ensure that you maximise time spent with the delegates, the exhibition area will be used for poster displays, refreshments and lunch. This conference is expected to attract more than 100 attendees from the UK and internationally.

As an exhibitor you will have the opportunity to:

- Demonstrate the range and quality of your products and services to a specialised audience;
- Maximise your exposure and raise your company profile;
- Establish your company within the scientific community;
- Target new customers and build existing relationships;
- Demonstrate products in action.

Sponsorship

We also invite sponsorship from companies, organisations and facilities wishing to raise their profile within the community and increase their visibility at the conference.

International Conference on Quantum, Atomic, Molecular and Plasma Physics

Why sponsor?

- An opportunity to promote your organisation and raise your profile within the wider community.
- Promote your company name to national and international participants prior to, during and after the conference – these include decision-makers, scientists, students and community members.
- Demonstrate your commitment to assisting the development of young researchers.
- Your representatives can mix informally with professionals from industry and academia in the UK and Europe.
- Your company's support of the conference will be acknowledged widely through web-based and printed material.
- Sponsorship contributes significantly to the promotion, planning and operation of the conference, reducing the overall cost of managing the event and enabling a higher level of participation.
